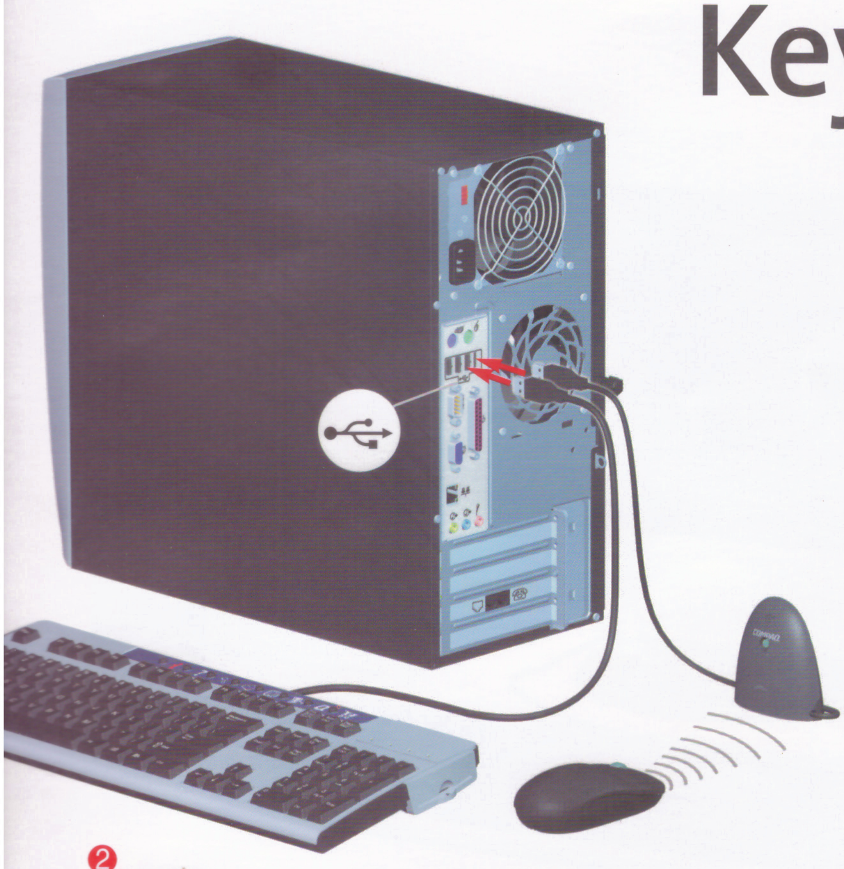
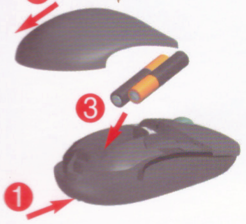
NOTE: Connectors may vary by model. Printers, network connectivity, and other accessorie should be connected only after computer setup and registration are complete.

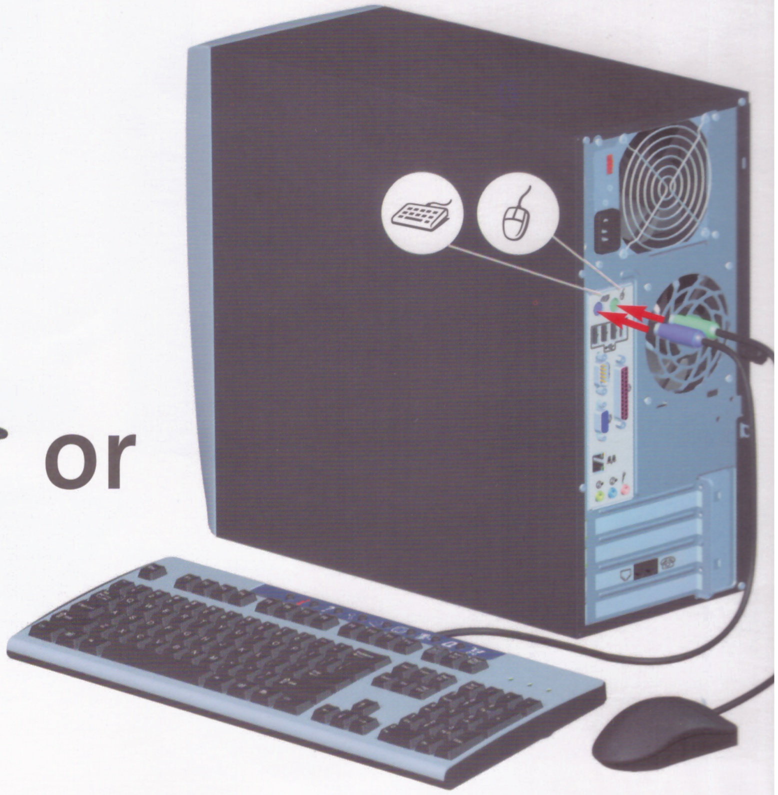
2

Keyboard and Mouse

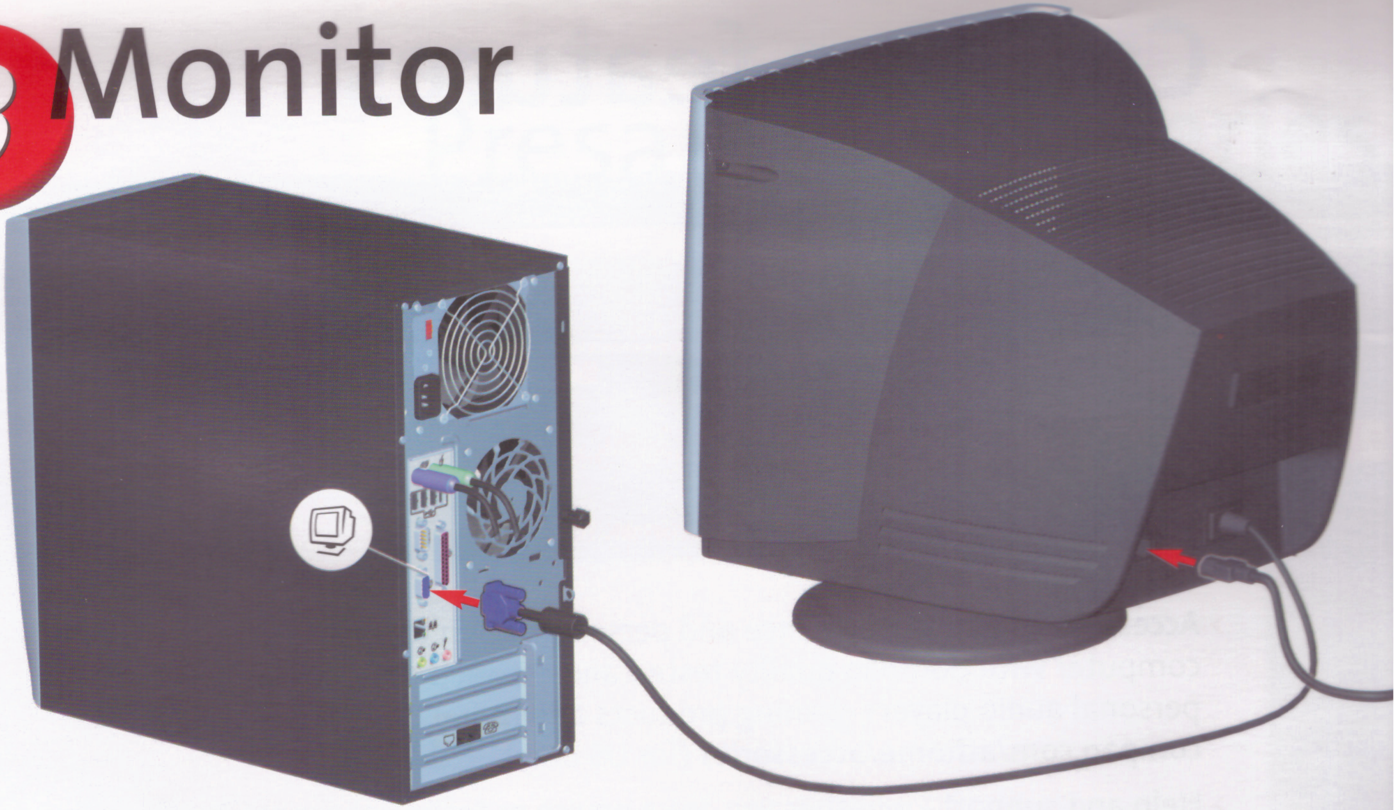




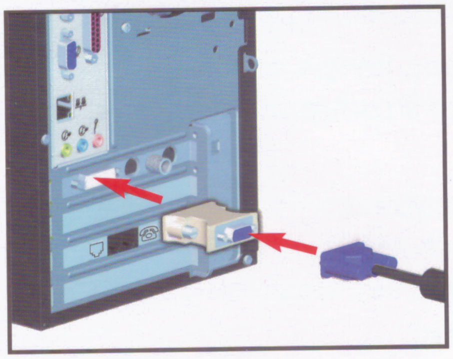
or



3 Monitor

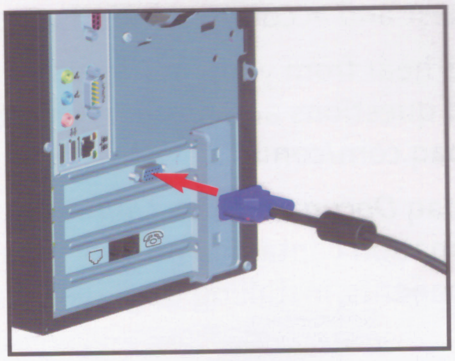


With ALL-IN-WONDER CARD®
RADEON™

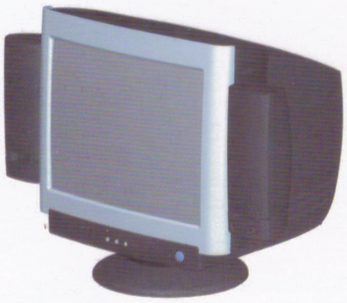


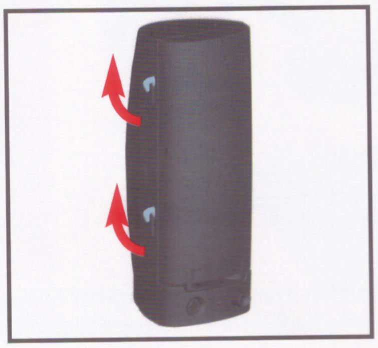
or

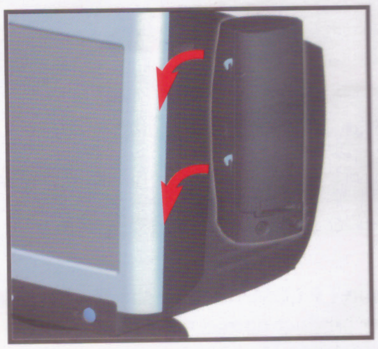
With graphics card



4 Attaching
Speakers



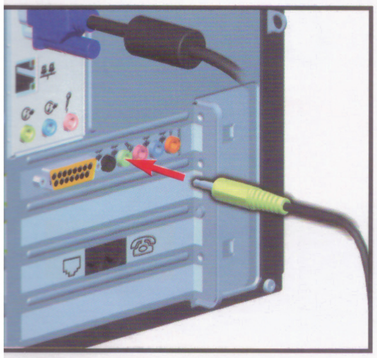




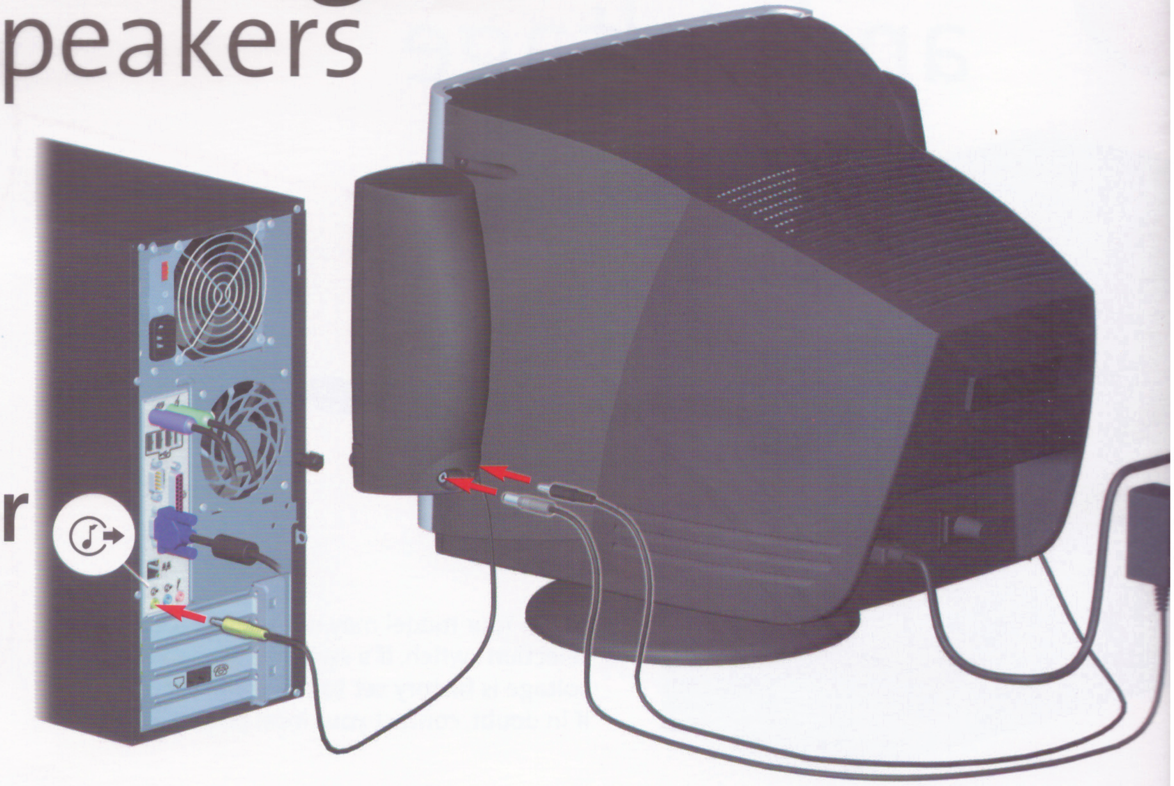
NOTE: To install other types of speakers that were purchased with your computer, follow the instructions provided with the speak
may be included with some speaker sets. Powered speakers (included in Compaq FS and MV series monitors) are required.

5 Connecting Speakers

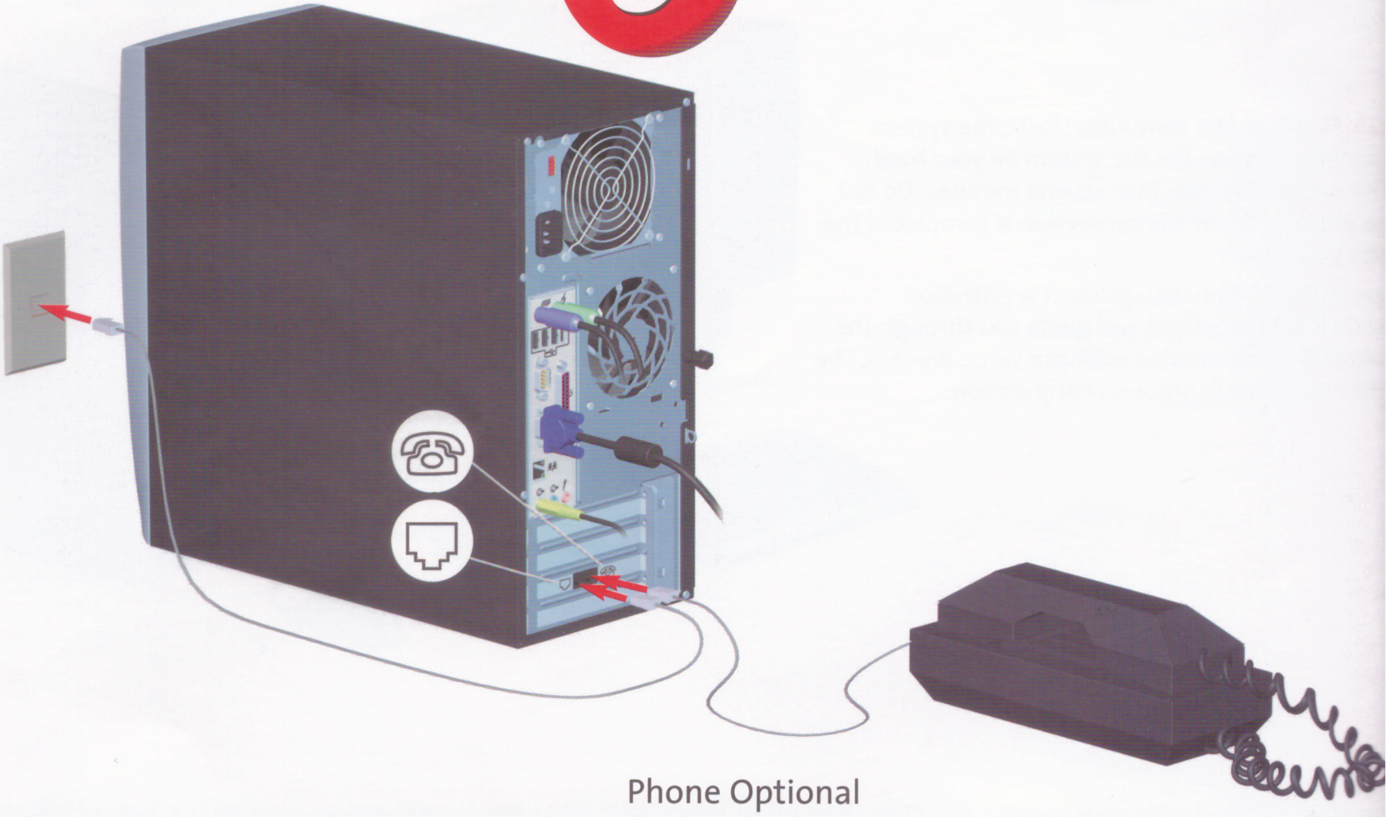
Audigy or Soundblaster Live! Value



or

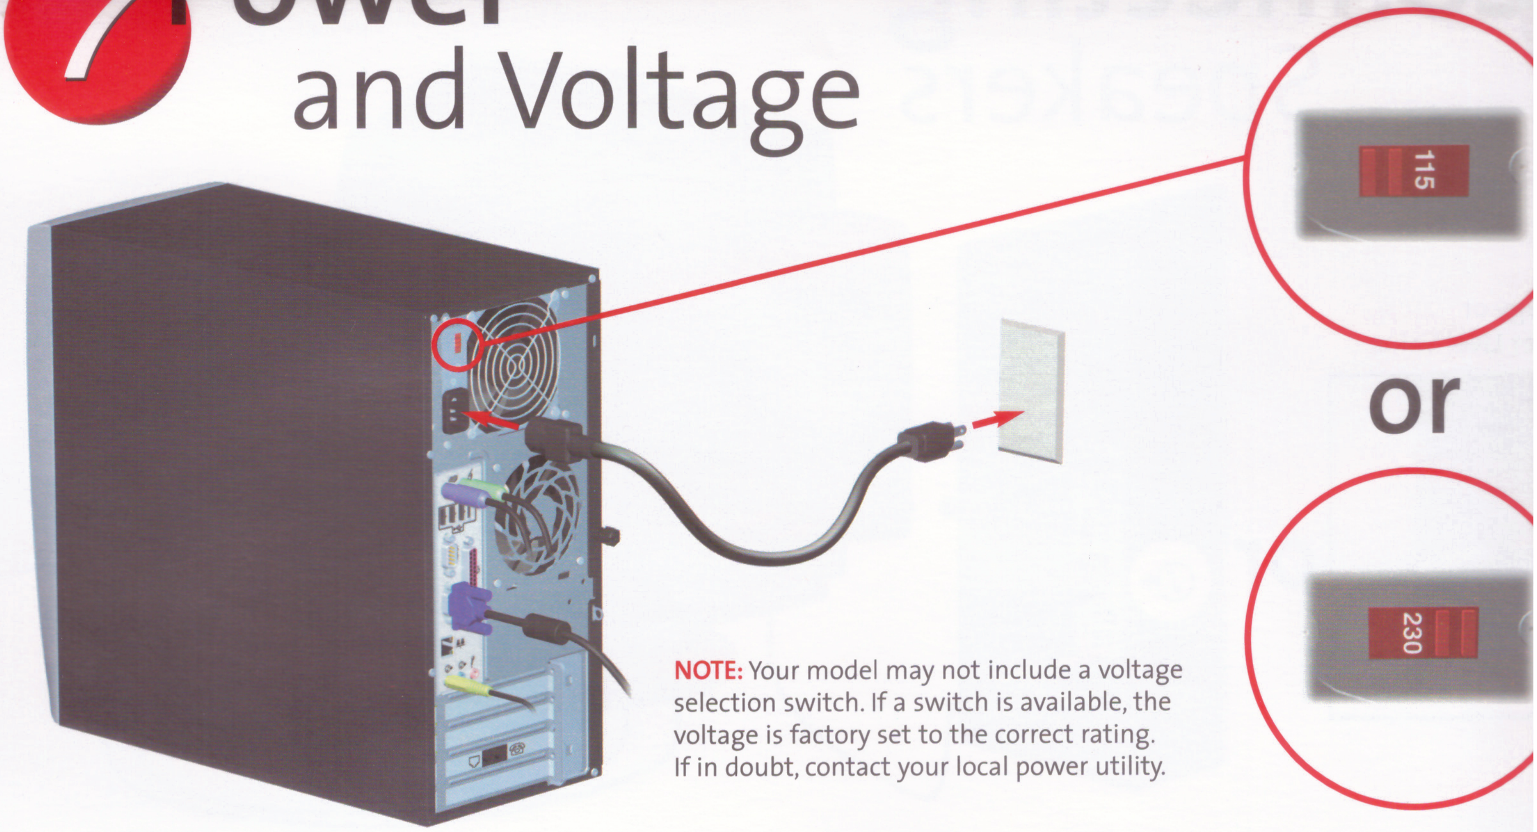


6 Modem



Phone Optional

7 Power and Voltage

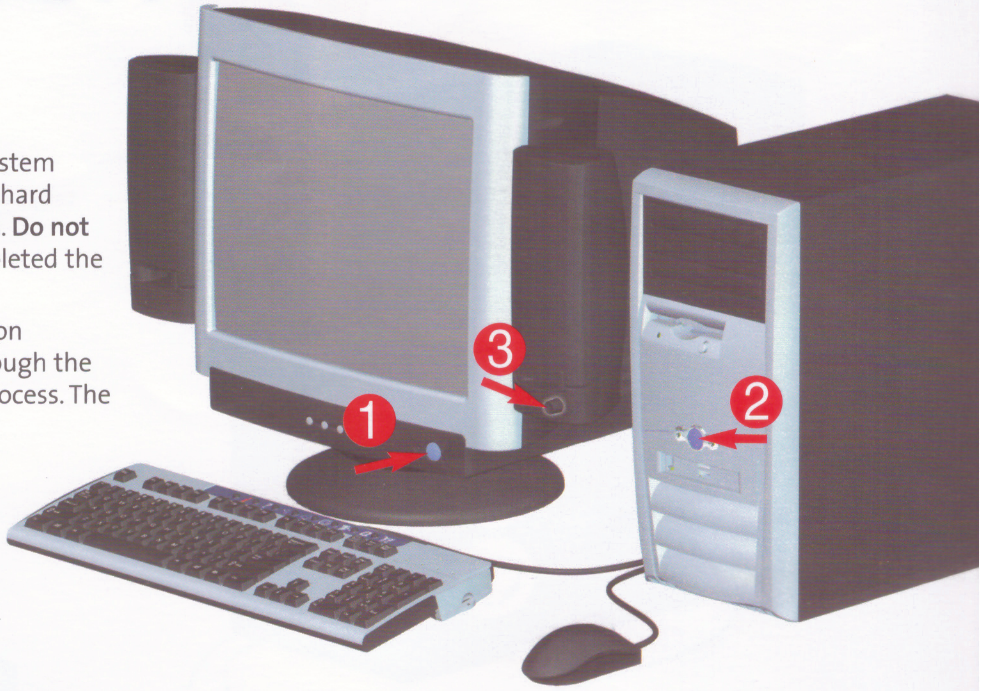


NOTE: Your model may not include a voltage selection switch. If a switch is available, the voltage is factory set to the correct rating. If in doubt, contact your local power utility.

8 Start Up

IMPORTANT: When the computer starts, the system automatically converts the file system on your hard drive. The conversion may take several minutes. **Do not stop the process.** When the conversion is completed the computer will restart.

When prompted, begin your product registration process. Online instructions will guide you through the registration and preinstalled software setup process. The setup time varies by computer configuration.



The rating label on the device shows which FCC class (A or B) the equipment falls into. Class B devices have an FCC logo or FCC ID on t devices do not have an FCC ID or logo on the label. Once the class of the device is determined, refer to the corresponding statement. F details, read the *Safety and Regulatory Information* guide contained on the *Documentation Library* CD.
